

QUALITY POLICY

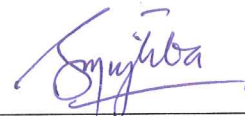

AI Engineers Pakistan (Private) Limited (AIE-PK) offers multi-disciplinary Engineering Consultancy Services in the fields of Buildings & Facilities, Infrastructure, Transportation and Public Transit, Ports and Marine, and Urban & Real Estate Development.

AIE-PK strives to meet or exceed our customer's expectations, deliver with a high level of ethical standards, and industry practices. We reflect this in all our services, schedule, responsiveness, communications, documentation, and other project performance elements. We believe in providing quality services with on-time and within budget delivery to our valued customers.

AIE-PK has always invested in people by providing adequate training to improve people skills and our management systems. We are creating an environment where every employee plays his/her part not as an individual but as a part of team to achieve our common goal. We promise a healthy and encouraging culture which results in quality delivery to our customers.

AIE-PK is committed to complying with all the legal and statutory requirements.
